EVENTS: OCTOBER, 2018-19

CLASSES I - II

GANDHI JAYANTI

Mahatma Gandhi always believed in truth and non violence. To share a glimpse of his life, **Class IA** presented an assembly on '**Gandhi Jayanti**' on **Tuesday, September 25, 2018**. The students threw light on Baapu's childhood and freedom fighting days by performing three skits. To conclude this beautiful assembly, all the students sang his famous bhajan, "**Raghupati Raghav Raja Ram**". The assembly was applauded by the audience and teachers alike.

BE THE CHANGE YOU WANT TO SEE!

Class II J hosted its assembly on '**Be the change you want to see**' on **Tuesday, October 9, 2018**. Each one of us needs to initiate a personal change for the whole society to change. Keeping this in mind, the children presented a powerful '**Nukkad Natak**'. The 'natak' emphasized on keeping India clean, to protect our heritage and not to use plastic. The children also put up a beautiful dance performance leaving everyone enthralled. The beautiful assembly ended with a mind tickling quiz.

CAPTAIN COOK - ER.....

Classes I and II organized a cooking competition on **Wednesday, October 10, 2018** wherein, the children assembled a healthy pizza using their creativity to the hilt. Our talented young chefs whipped a host of delectable pizza's which they presented to the judges. The judgement parameters emphasized on the dish being healthy, ingredients used , creative presentation and taste. The children enjoyed participating in this competition which developed their culinary art skills and increased their knowledge on nutrition science.

EVENTS: OCTOBER, 2018-19

CLASSES I - II

DUSSEHRA

Children of **classes I B and 1 C** staged an assembly on the occasion of **Dussehra** on **Tuesday, October 23, 2018** depicting the triumph of good over evil. The talented little stars performed a role play to spread the message that truth is always victorious over evil. The tableau of Lord Ram, Laxman, Sita and Hanuman won everyone's heart.

SPACE WORKSHOP

Space workshops were organized for **classes I and II** from **October 24 – 25, 2018**. The children were introduced to the concepts of astronomy and space sciences by hands-on activities. They were educated to the idea of rockets as space vehicles. Child friendly vocabulary was used to help them understand Newton's third law of motion. The children were also taught about atmosphere and how it demarks the beginning of space. They enjoyed launching their own pop rocket and were thrilled to see it flying high.
