New Beginnings, Bright Dreams: A Joyful Start to the New Session!

With sparkling eyes, wide smiles, and hearts full of excitement, the students of the Primary Wing at DPS, GBN stepped into the new academic session—ready to explore, learn, and grow! The school corridors buzzed with energy as young learners reunited with friends, met their new teachers, and embraced the promise of fresh beginnings. Classrooms came alive with cheerful greetings, colorful decorations, and a spirit of curiosity that filled the air. To make the first day even more special, the teachers conducted a lively welcome assembly filled with music and joy—singing and dancing with the students, who happily joined in with enthusiasm and cheer. From setting new goals to diving into exciting lessons, students were all geared up for a year of discovery, creativity, and endless possibilities. Whether it was exploring books, solving puzzles, or painting their imaginations—every moment ahead held a new adventure. Here's to a wonderful start, where every day is a step towards something amazing. Let the journey begin!

Starry Skies & Smiling Faces- Night Camp

As a perfect finale to an enriching academic year, Grade 5 students of DPS GBN came together for a magical and memorable Night Camp—a much-awaited event filled with fun, laughter, and learning beyond the classroom!

The School campus transformed into a vibrant zone of adventure as students participated in various exciting activities. With cheers echoing in the air and friendships blooming stronger, the camp offered students a chance to bond, reflect, and celebrate the journey they had together.

Delicious food, group games, and team-building challenges added to the thrill. The camp wasn't just about staying overnight—it was about creating lasting memories, building confidence, and stepping into new adventures with joy and courage.

As the stars lit up the sky, our young campers lit up the ground—with excitement, enthusiasm, and a spirit of togetherness. Truly, the Night Camp was the shining highlight of the last session!

Young Astronauts in the Making: A Stellar Astronomy Session

The Young Minds of Grades 3 to 5 were launched into a galaxy of excitement during a fun-filled and interactive Astronomy Orientation Session!

From learning about stars and planets to diving into the mysteries of space exploration, students expanded their horizons with hands-on activities that made Science come alive. They built and launched Hydro Rockets, crafted their own comets, and performed fascinating flame tests—each activity sparking wonder and joy.

The session not only deepened their understanding of Astronomy and Space Science but also ignited their curiosity and love for learning. With beaming smiles and wide eyes, students asked questions, made discoveries, and walked away more confident, curious, and inspired than ever before.

This stellar experience proved that learning can be both educational and out of this world!

Turning Green Dreams into Action: Earth Day at DPS, GBN!

With hearts full of hope and hands ready to help, students of DPS, GBN gathered to celebrate Earth Day under the inspiring theme '*Our Power, Our Planet.*' The celebration was a vibrant reminder that even the smallest actions can make a big difference in protecting our environment.

The day began with a Special Assembly, wherein students came together to reflect on the importance of Earth Day, and our respected Principal Ma'am planted a sapling—symbolizing growth, hope, and responsibility toward nature. Through a series of fun and meaningful activities—like poster-making on saving electricity, setting up a compost pit, and participating in paper recycling drives—students explored real ways to conserve resources and reduce waste. The event also sparked important conversations around sustainability, teaching students how to use natural resources wisely. They learned about Green Footprints—simple yet powerful actions such as switching off lights, using less plastic, and recycling—that help build a healthier planet. Earth Day at DPS, GBN wasn't just a celebration; it was a call to action. The day ended with a heartfelt pledge from students to adopt eco-friendly habits. With their energy, awareness, and enthusiasm, our students were already shaping a brighter, greener tomorrow!

Building Brighter Tomorrow with Good Habits- Grade 5 Spreads the Power of Positivity!

The school ground lit up with enthusiasm as the Grade 5 students came together for a powerful and heartwarming assembly on 'The Power of Good Habits'.

With a perfect blend of prayer, poetry, and dance, the young performers brought to life the importance of habits that shape character and future success. From punctuality and cleanliness to teamwork and kindness, the assembly beautifully showcased how small actions, done consistently, can lead to big achievements and lasting happiness.

The vibrant performances and thoughtful messages left everyone inspired and reminded students that good habits aren't just rules—they are stepping stones to a better version of ourselves.

It was a celebration of values, a boost of motivation, and a shining example of how positive habits can light the path ahead!

Shining Stars Honored: Scholar Badge Ceremony

The atmosphere at the Primary Wing of DPS, GBN was filled with pride and joy as our young achievers were felicitated at the much-awaited Scholar Badge Ceremony!

Dressed in their smartest attire and beaming with excitement, students walked up the stage with confidence and grace, receiving their Scholar Badges for their outstanding academic and co-curricular performances. Each badge represented not just marks on a report card, but dedication, discipline, and a thirst for knowledge.

The ceremony was a celebration of hard work, consistency, and the belief that excellence has no age. The proud smiles of teachers, and peers lit up the room as these young scholars were applauded for setting such a brilliant example.

As the applause echoed and the badges gleamed, one thing was clear—these bright minds are just getting started on their journey to greatness!

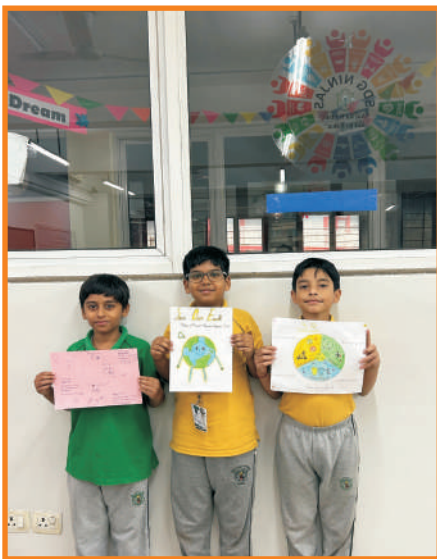

Learning Highlights

ENGLISH

Creativity in Action: Expressing Through Art and Literature

Students of Grades 3 to 5 showcased their creativity and understanding of English in a vibrant and meaningful way. Grade 3 students celebrated the joy of friendship by designing colorful friendship bands for their best friends, expressing warmth and affection through art. Inspired by their literature chapter, Grade 4 students drew turtles, creatively connecting visuals with the text they had studied. Meanwhile, Grade 5 students crafted impactful posters on the 3Rs—Reduce, Reuse, Recycle—spreading awareness about environmental conservation. These engaging activities not only deepened their learning but also allowed them to express emotions, ideas, and values through artistic expression.

MATHEMATICS

Playing with Numbers: Grade 3 Cracks the Code of Place Value!

"Mathematics is not about numbers, equations, computations, or algorithms: it is about understanding." — William Paul Thurston

Bringing this powerful idea to life, the curious minds of Grade 3 stepped into the world of numbers with a Place Value Activity that turned learning into play! In this hands-on session, the young learners explored, examined, and compared numbers—unraveling the concept of place value through fun and interaction. The activity sparked critical thinking and helped learners build a strong foundation in numeracy—not through rote memorization, but through exploration and discovery. Laughter, learning, and logic filled the room as our little Mathematicians mastered the art of numbers in the most playful way!

EVS

Planet Protectors in Action: Young Minds, Green Goals!

"Progress is impossible without change, and those who cannot change their minds cannot change anything." – George Bernard Shaw.

The students of Grades 3 to 5 at DPS, GBN proudly stepped into the role of *Planet Protectors* as they embraced a wave of environmental consciousness through engaging EVS initiatives. With a strong focus on sustainability, students enthusiastically participated in a paper recycling drive, sorting waste while learning the value of reusing resources. The compost pit buzzed with activity as learners managed organic waste, turning it into nutrient-rich compost. Adding a creative twist, students also crafted eco-friendly newspaper bags, taking a bold step toward reducing plastic use. These hands-on experiences not only deepened their understanding of environmental care but also ignited a lasting sense of responsibility. With curiosity and compassion as their guide, our young eco-warriors are all set to lead the way to a greener tomorrow!

COMPUTER SCIENCE

Tech-Savvy Trailblazers: Grades 3 to 5 Embrace the Digital World!

Students from Grades 3 to 5 were buzzing with excitement as they journeyed into the fascinating world of technology and learning! With curious minds and creative hearts, they dived into Paint 3D, mastering computer memory, and uncovering the smart features of Windows 11. From designing imaginative creations on digital canvases to understanding how RAM, ROM, and external storage work, these young tetchiest explored it all with enthusiasm! Their eagerness to learn how information was stored and retrieved has been truly inspiring. Here's to our young digital explorers—coding their way to creativity and success!

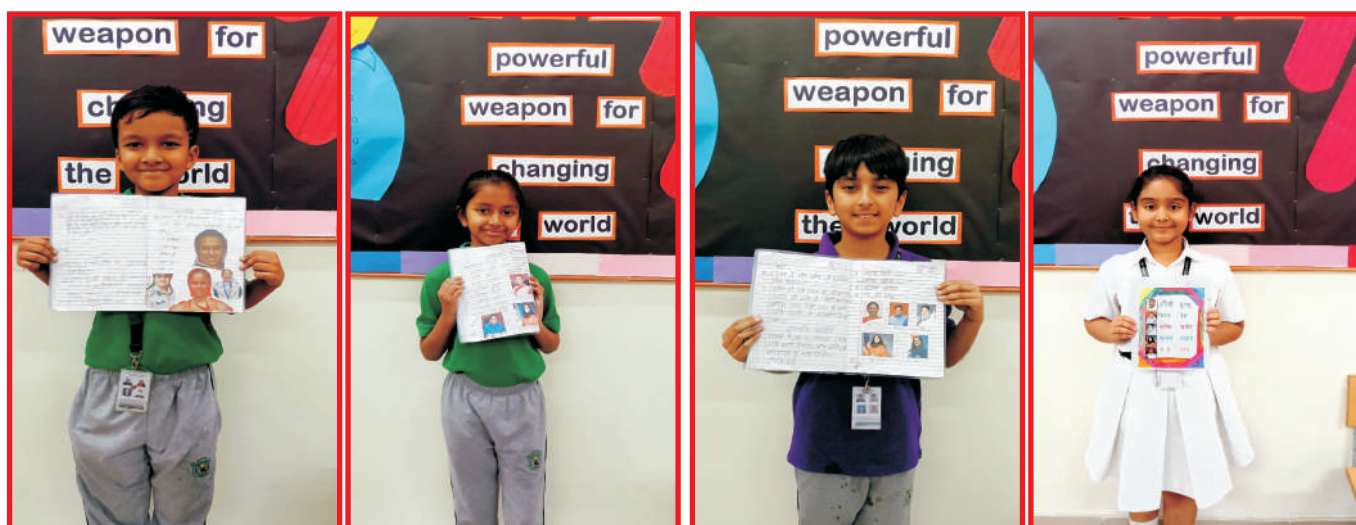

HINDI REPORT

"नारी – शक्ति भी है, प्रेरणा भी है, बदलाव की शुरुआत भी है!"

नारी, जो सृजन और ममता की प्रतिमूर्ति है, जब आत्मनिर्भर और सशक्त बनती है, तो वह न केवल अपने परिवार, बल्कि पूरे समाज को सकारात्मक दिशा देती है। महिलाओं का शिक्षित होना सशक्तिकरण का पहला कदम है। शिक्षा से उनमें आत्मविश्वास बढ़ता है और वे अपने अधिकारों के प्रति जागरूक होती हैं।

“संघर्ष के बल पर सफलता हासिल करने वाली महान महिलाएँ” विषय पर एक प्रेरणादायक गतिविधि का आयोजन डी.पी.एस., जी.बी.एन. के कक्षा चार के छात्र-छात्राओं से कराई गई। इस गतिविधि का उद्देश्य छात्र-छात्राओं को ऐसी महिलाओं के जीवन गाथा से परिचित कराना था, जिन्होंने कठिन परिस्थितियों में भी हार नहीं मानी और अपने आत्मविश्वास, मेहनत और लगन से समाज में मिसाल कायम की। इससे विद्यार्थीगण ने यह सीखा कि चाहे जीवन में कितनी भी कठिनाइयाँ क्यों न आएँ, आत्मविश्वास और परिश्रम से किसी भी मुकाम को हासिल किया जा सकता है।

Moments of Glory

- Navika Gupta and Anshika Soni of Grade IV earned their black belts in the Traditional Shito-Ryu Karate Do Association (India) event, recognized by the International Olympic Committee held at Noida Stadium.
- Paakhi Kaushik of Grade III was recognized for her incredible achievement in the first Amit Memorial Table Tennis Tournament held at New Delhi.
- Rayansh Goel of Grade V won a Bronze medal in the District Karate Welfare Association.
- Prisha Mittal of Grade IV won a Gold medal in the IMAA Open Karate Championship 2025, held at Noida Indoor Stadium, UP.
- Ivaan Bansal of Grade IV has achieved the Gold Medal of Distinction in the SOF International Mathematics Olympiad (2024-25).

Echoes of Expression

The Lost Sheep

One Day a sheep was wandering alone in the forest. Her Parents told her to get some food. The Sheep saw a toy lying in the forest. The sheep looked at it for a moment. Then took it and played with it. Her parents were talking about her that when she would come and bring the food and soon the sheep left the toy and went to bring food. And soon she was lost. She tried to search her way back home. But she was lost and now she started crying then a fairy came and heard a sheep crying then the fairy said why are you crying little sheep what happened.

The sheep told everything that happened. The fairy took some food for her to the sheep house where the sheep parents lived. She thanked the fairy and lived happily ever after the end.

The Green Superhero

I am my own super hero, and here is my pledge:

I love to plant trees and free birds from their cage.

If you want to join my team, please be my guest—

Let's clean and green our Mother Earth and make it a safe nest.

So don't litter, and save more water—do all that you can,

And become your own superhero: The Green Eco-Man!

Yunaib Bhadauria

Love our Green Friends

Imagine a world without trees. No shady spots to play under, no juicy fruits to eat and no birds singing their sweet songs on the branches. That sounds a bit sad, doesn't it? Trees are super important for our earth and just like we take care of our friends, we need to take care of our green friends. Trees and plants are like the lungs of our earth. Without them we will not be able to breathe and they also provide homes to many animals. We need to be kind to them. so do not let the axe too swiftly fall, think of the creatures great and small.

The Importance of Helping

There once lived a boy named Rohan. He was very naughty and never listened to his father.

Rohan's father was a hardworking man who managed all the household chores by himself. Rohan never offered to help him with anything.

One day, his father fell sick, and Rohan had to take care of all the household work on his own. It was then that he realized how difficult it is to manage everything without any help.

From that day onwards, Rohan began helping his father regularly and always listened to him.

Moral: Helping is a good habit. We must always help our parents.

The Story of Rohan and Sara

Once upon a time, there were twin siblings named Rohan and Sara. They were in the same class and both were among the top students.

One day, Sara rushed to Rohan and said, "Rohan, we forgot that our English exam is on Tuesday!"

Rohan smiled confidently and replied, "Oh, I don't need to study; I'm the topper of the class."

Sara, concerned, said, "We still need to study hard."

But Rohan became annoyed and snapped, "Go away!" He chose not to study, while Sara prepared diligently.

On the day of the exam, Rohan felt regretful for not studying, as he couldn't answer most of the questions.

Meanwhile, Sara was able to answer everything with ease.

When the results were announced, Rohan scored only 22 out of 100, whereas Sara achieved an impressive 98 out of 100.

Moral of the story: *Never be overconfident. Study regularly and work hard to achieve success.*

Pollution and Ways to Stop It

Pollution is everywhere — in cities, villages, streets, and many other places. However, there are many things we can do to prevent it from spreading.

One effective way is to reuse products that are still useful, such as cloth and paper. We should also practice the 3Rs: Reduce, Reuse, and Recycle. Avoid throwing garbage on the streets and always dispose of waste properly.

Planting more and more trees is one of the most important steps we can take. Trees help clean the air and make our environment healthier. We should also choose natural, eco-friendly products and reduce the use of harmful chemicals and plastics.

If we do not stop polluting, the Earth will begin to perish, and eventually, no living beings will be able to survive.

Let's all do our part to protect our planet and keep it clean and green!

Rajasthan Trip

During our Durga Puja vacation, my family and I visited several cities in Rajasthan.

We began our journey in Jaipur, the Pink City, where we explored beautiful monuments like Amber Fort and Hawa Mahal. Next, we traveled to Pushkar to see the famous Brahma Mandir and the serene Pushkar Lake.

From there, we headed to Udaipur, also known as the City of Lakes, where we visited Fateh Sagar Lake and the majestic City Palace. After that, we explored Mount Abu and its peaceful temples.

Our next stop was Jaisalmer, the Golden City built from sandstone, where we visited the grand Jaisalmer Fort and the historic Patwa Haveli. Finally, we reached Jodhpur, the Blue City, and toured the magnificent Mehrangarh Fort before returning home.

It was a memorable trip filled with history, culture, and breathtaking sights!

Good Habits

A Habit is a sticky thing;
Much good or evil it can bring;
It binds a victim, holds him fast,
And keeps him in a vise-like grasp.
Bad habits grow with extra speed,
Much like a healthy, growing weed.
The roots are deep, the stem grows stout:

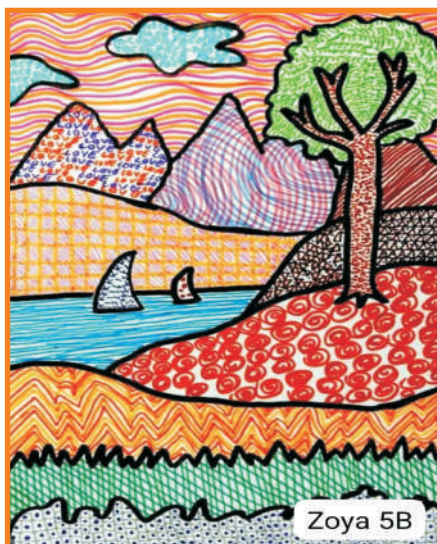

How difficult to pull it out!
Good habits are a little slow;
They need a lot of care to grow;
If tended well, they grow more fair,
Then any boom a plant can bear.
Good habits are a little slow;
They need a lot of care to grow;
If tended well, they grow more fair
Than any boom a plant can bear.
Good habits help us all through life;
Bad habits bring us pain and strife;
Our habits whether right or wrong
Each day will grow more firm and strong,
So, put Good habits and remove bad ones
You will get success, happiness and fun.
