Investiture Ceremony

"The greatest contribution of a leader is to make other leaders". - Anonymous

The School organized the Investiture Ceremony 2024 on July 5, 2024 at the Tagore Auditorium. The School's Principal, Ms. Supriti Chauhan, felicitated all the members with badges and sashes, congratulating them on their appointment as the Student Council 2024. She also guided all new office bearers to be role models to all fellow members and assigned tasks to them should be delivered responsibly at all times. The event ended with the previous year's Council Members handing over the baton to the newly elected members. All the best to the future leaders!

Felicitatation of Yoga and Skipping Competition

Sports keep us fit and helps to develop discipline, dedication and commitment, which are essential values for success in life. DPS, GBN conducted Inter House Skipping and Yoga Competitions for Grades 3-5 on the theme, 'Go for Glory', in the month of May and July. Felicitatation Ceremony of the same was held on July 9, 2024. These Inter House Matches aimed to teach the importance of Sustainable Development Goal 5: Gender Equality in our Students. These events helped our Students to understand the value of teamwork and encouraged them to work hard and never give up.

The results are as follows:

Position House Grade 3

First Yamuna ANISHKA MALIK -3G

Second Chenab AADHIRA SINGH -3A

Second Ganges JAYASH SHARMA -3G

Second Chenab SHANAYA BANSAL-3B

Third Satluj VASISTH YADAV -3H

Third Ganges AYAANA RATHI -3B

Result of Skipping Competition Grade 4

Position House Grade 4

First Ganges EKROOP SINGH -4H

First Jhelum AVYAN GOEL -4A

Second Ravi HANS SATSANGI-4E

Third Ganges AVANTIKA RANA -4D

Third Ganges AHAAN GUPTA -4A

Third Jhelum AYANSH RAJ SINGH -4D

Result of Yoga Competition Grade 3

Position House Grade 3

First Jhelum ANSHIKA SONI -3 C

First Ganges JEEVIKA SINGH - 3 A

Second Jhelum IVAAN BANSAL - 3 E

Second Ravi AVNI CHAUHAN -3 D

Third Chenab SIYA SWARUP - 3 E

Result of Yoga Competition Grade 4

Position House Grade 4

First Satluj SANVIKA TOMAR - 4 H

First Satluj AMYRAH SIDDIQUI - 4 F

Second Ganges ARJUN GAUTAM - 4 E

Third Yamuna NAVYANSHA KAUSHIK -4 H

Third Yamuna SARA WAKAS - 4 A

Result of Skipping Competition Grade 5

Position House Grade 5

First Ravi VAIBHAV -5G

Second Satluj PANA V GUPTA -5C

Third Ganges RISHIT DANG-5C

Third Satluj VARUN SINHA -5E

Third Yamuna SANVI SINGH-5H

Result of Yoga Competition Grade 5

Position House Grade 5

First Jhelum SHANAYA SINGH - 5 F

First Ganges ANYA VAIBHAV - 5 A

Second Ravi PRANAV TIWARI - 5 A

Second Ganges MUKTI SHRIVASTAVA -5 F

Third Jhelum MYRA KAKKAR - 5 F

Third Yamuna AVNI AGARWAL -5 B

Assemblies

"Those who respect the elderly pave their own road toward success." -Anonymous

To honor fathers, a virtual Father's Day assembly was conducted by our Grade 3 Students. Father's Day is a special day as it marks the emotional bond between a Father and his children. Our students expressed their love and gratitude through a skit capturing the dynamic roles of a Father, a melodious song and a foot-tapping dance. To bring smiles on their faces, a memory album was shared. It was a great opportunity to acknowledge the support and guidance of a father. The Students of Grade 4 presented a beautiful assembly on the topic 'Respect Elders'. The Students presented a skit and a small poem on the above theme. Our Elders have always cared for us when we needed them, and now that they need us, it is our responsibility to take care of them. Respecting Elders is considered as an important part of our moral values.

Unit Tests

The Primary Wing of our School conducted its first Unit Test of the academic year for Grades 3-5. The teachers meticulously prepared the young learners by covering essential concepts and providing comprehensive study materials. Students eagerly reviewed their lessons, clarified doubts with teachers, and engaged in group study sessions. Their efforts were commendable, reflecting not only their academic growth but also their eagerness to demonstrate what they had learned. Unit Test-1 in the Primary Wing not only assessed academic progress but also highlighted the importance of preparation and determination. It set a positive tone for the rest of the academic year, inspiring students to set higher goals and work towards achieving them.

The Club Stories

Work Education forms an integral and indispensable part of a school curriculum. It imparts necessary knowledge, and develops appropriate skills, which can help the children to become productive and self-reliant in meeting their day-to-day needs. The Students of the Chess Club learned about the Checkmate patterns and the Swimming Club children did Kick board practice and learned arm movement. The Students of Bits and Bytes Club learned about the Application software and the Shakespeare Club children were actively involved in different LSRW related activities. They enjoyed the Newspaper activity and the Show and Tell activity. July was indeed an interesting month as the students enjoyed an array of activities.

Let's Explore

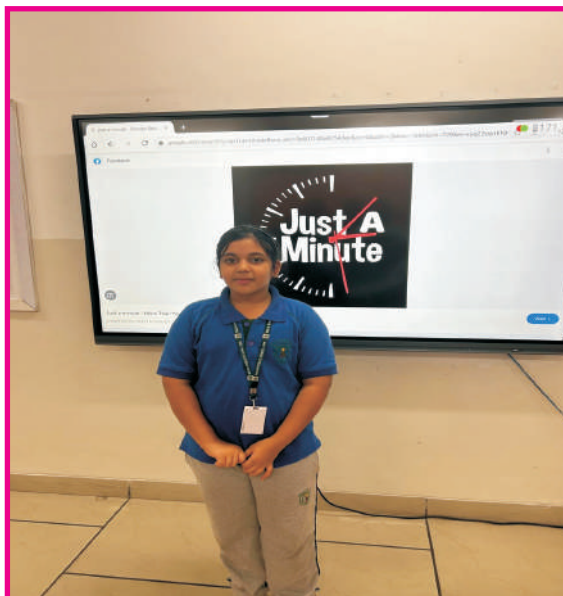

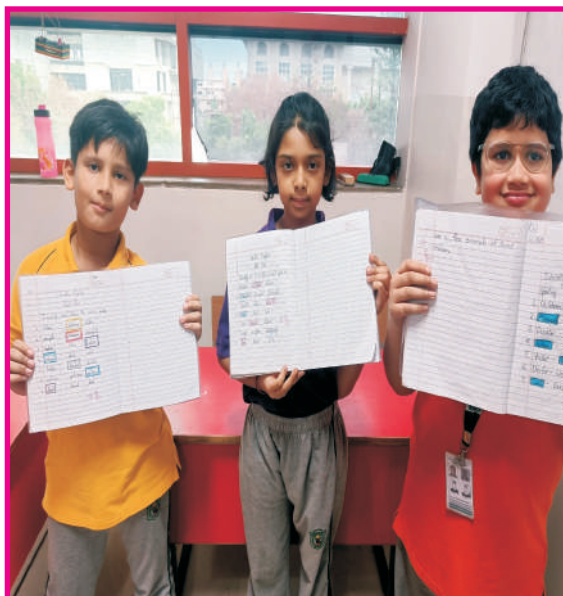

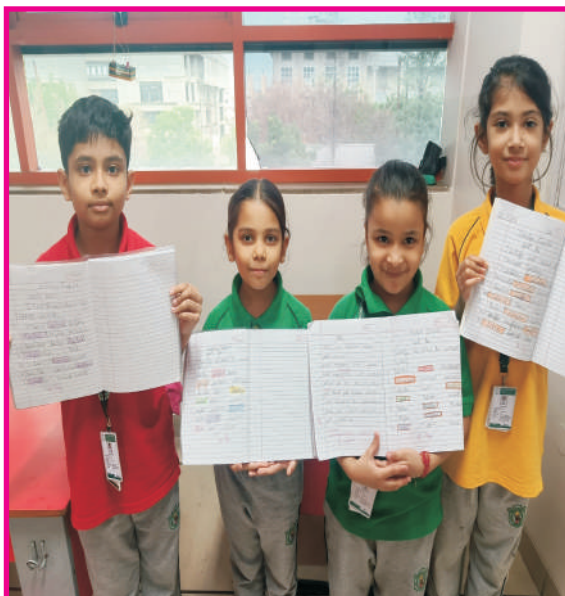

Embarking on an astronomical journey that sparked curiosity, our first session of the Astronomy Workshop was held on July 25, 2024. It was a resounding success as it was enjoyed by all the participants. Young minds were captivated as they learned about stars, planets, and galaxies through engaging activities and presentations. Their curiosity was sparked by interactive demonstrations and fascinating visuals, making learning about the universe an exciting adventure. Overall, the workshop fostered a sense of wonder and ignited a passion for astronomy among the students.

Subject Reports

English

Spell Bee activity and JAM activity were held for the students in the month of July. As it is a competitive activity where participants spell words aloud, enhancing their vocabulary and spelling skills. It promotes linguistic proficiency and cognitive abilities. Students were excited to spell out correct spellings in a competitive manner. Students of Grades 4 and 5 fostered creativity and imagination as it expresses one's ability of thoughts and feelings and also enhanced quick thinking, eloquence, and confidence in public speaking. Both activities are valuable in developing communication skills and intellectual growth in participants. The students participated enthusiastically.

EVS

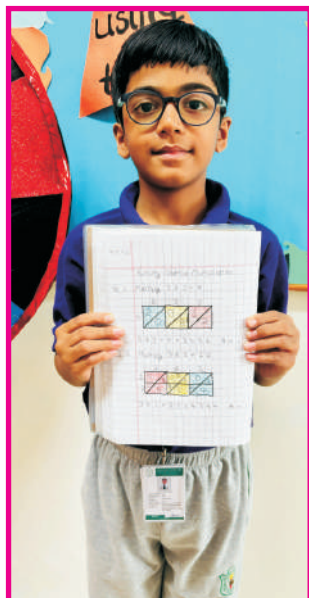

"Everything is theoretically impossible, until it is done." –Robert A. Heinlein

At DPS, GBN, we create a supportive learning environment wherein students can foster a sense of curiosity about the nature which in turn will help them develop an appreciation for the environment. Students of Grade 5 learnt about the Principles of Magnetism and Friction through a Magnet car making activity. The main goal was to propel these cars using magnetic forces of attraction and repulsion. Through experimentation, they observed how like poles of magnet repel and opposite poles attract, causing a car move forward and backward. The activity fostered problem solving and teamwork. Overall, it was a fun and effective way for students to grasp scientific concepts through practical application.

Mathematics

Multiplication is fundamental for enabling a child to succeed in mastering calculative prowess. Multiplication skills don't just help with Mathematics as a subject, they can also boost memory and help them to gain analytical as well as numerical skills for Science. We, at DPS, GBN, believe in making learning fun. In order to make this essential concept of multiplication intriguing and interesting, a fun activity Lattice Multiplication was carried out by the young Scholars of Grades 3 and 4. The Students were excited to draw and color the lattice to perform the process of multiplication in a fun manner. This activity provided a clear and organized approach for solving larger multiplication problems and helped them gain a better understanding of various Mathematical concepts thereby creating a strong foundation for higher learning.

Computers

Young Tech Whizzes in the Making!

Our curious learners enjoyed discovering new tools, and developing their digital literacy. Grade 3 students mastered the basics of Windows 11, creating vibrant presentations and documents. Grade 4 students learnt about graphic design using Paint 3D and created stunning visuals and posters, unleashing their creativity and bringing their ideas to life. Grade 5 students learnt advanced features of MS Word to develop their Formatting skills. The Students are becoming confident, innovative thinkers, prepared to tackle the challenges of the future.

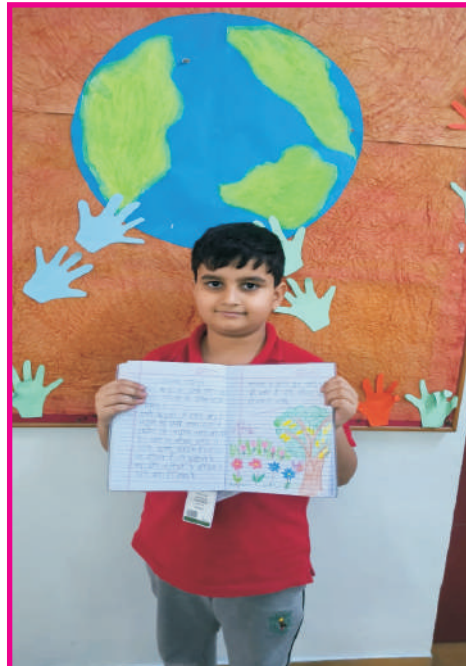

Hindi

‘लेकर मौसम की बहार, आया बसंत ऋतु का त्योहार’

वसंत ऋतु को ऋतुओं का राजा कहा जाता है क्योंकि वसंत ऋतु सभी ऋतुओं से बेहतर होती है। भारत में कुल छः ऋतुएँ होती हैं। जिसमें से एक वसंत ऋतु होता है। यह ऋतु मार्च और अप्रैल के मध्य में आता है। इस ऋतु के आने पर सर्दी कम हो जाती है, मौसम सुहावना हो जाता है, पेड़ों में नए पत्ते आने लगते हैं, आम के पेड़ बौरों से लद जाते हैं और खेत सरसों के पीले फूलों से भरे दिखाई देते हैं। तितली, भौरे बागों में मंडराने लगते हैं। कोयल की कू कू की आवाज सुनाई देने लगती है।

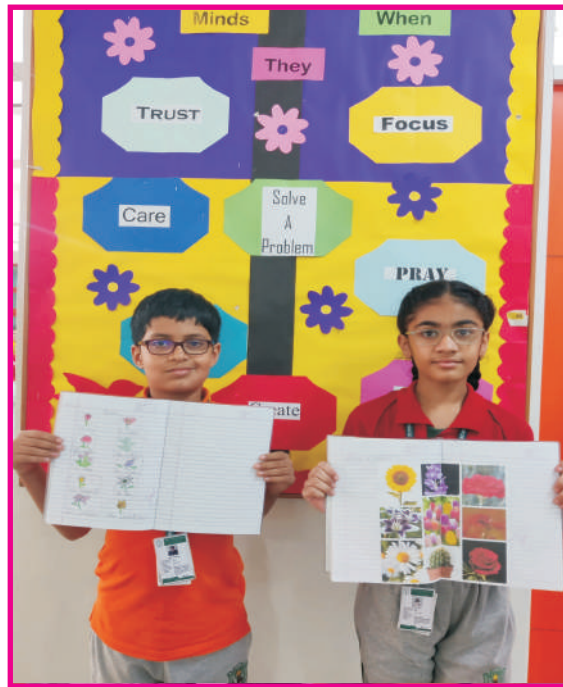

मन में इसी हर्ष और उल्लास के साथ कक्षा चार के विद्यार्थियों को बसंत ऋतु का महत्व बताते हुए उन्हें ज्ञानवर्धक गतिविधि के रूप में बसंत ऋतु पर ७०-८० शब्दों में सचित्र बसंत ऋतु का व्याख्यान करने का कार्य दिया गया, जिससे हिंदी भाषा के साथ-साथ शिक्षा कला का समावेश करके छात्र-छात्राओं को सतत विकास लक्ष्य-१३ जलवायु परिवर्तन के उद्देश्य से अवगत कराया गया है।

IIIrd Language

"To learn a new language is to have a new window to the world." – Anonymous

The Students of Grades 4 and 5 were welcomed after a rejuvenating Summer break. The German Students of Grade 4 were introduced to the beautiful world of flowers. The German names of some popular flowers like Rose, Daisy and Lily were introduced. The students enjoyed making a vibrant collage of flowers. The students participated with full enthusiasm and this hands-on experience boosted their learning.

Community Service

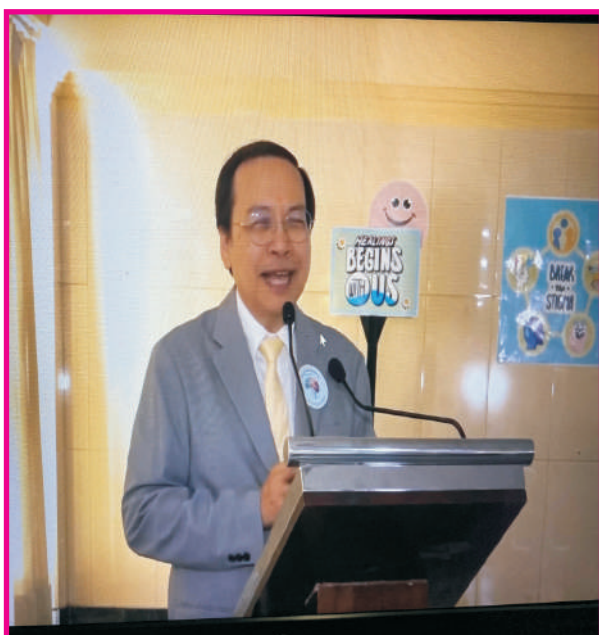

Helping hands deserve thankful hearts!

To instil gratitude, integrity, empathy and acknowledgment in our young learners, Primary Wing students created personalized thank-you cards for our dedicated helpers. In addition, to promote cleanliness, etiquette, and hygiene at DPS GBN, an interactive workshop was conducted by our faculty members for our dedicated school helpers, focusing on elevating their skills and knowledge in these areas.

Workshop

A Workshop on Mental Health: Imperatives for Indian Educators was organized by Ms. Priya Irani Co-Founder LearnX on July 7, 2024. Teachers, Parents and a child should come together for the holistic development of the students. The Workshop explained that it is essential that Educator's Mental Health should also be given importance in order to extend their helping hand towards the mental health of children. Social Workers, Psychologists, Occupational Therapists and Nurses should work with the school management in uplifting the holistic development of the students. Overall, it was an interesting session.

Achievers' Gallery

The Winning Streak

- Ivaan Bansal of Grade 3 emerged as a winner in a Chess competition organized by Global Sports Academy.
- We are thrilled to share our recent victory at the Inter-school swimming competition held at Delhi World Public School, Greater Noida on July 18, 2024.

Virat Aryan -5 H

50 m freestyle –Gold, 50 m backstroke – Gold and 4×50 m freestyle relay - Gold

Devansh Sharma - 5B

50 m breaststroke - Gold, 4x50 m freestyle relay - Gold and 100 m freestyle - Silver
