An Ode to our Guiding Light

Ode to our Guiding Light In the garden of our lives, a beacon shone so bright,
A mentor and guide, who led us through day and night.
With wisdom in your words and kindness in your gaze,
You nurtured dreams and hopes in countless wondrous ways.
You walked with gentle footsteps, leaving trails of gold,
Inspiring hearts and minds, making spirits bold.
Through trials and through triumphs, you stood steadfast and tall,
A pillar of compassion, a rock for one and all.
You taught us to be humble, to strive and never rest,
To seek the light of truth and give our very best.
Now shadows fall upon us, as we bid you farewell,
A void within our hearts, where love for you will dwell.
In every life you touched, in every soul you raised,
Your legacy of wisdom will forever be embraced.
We carry forth your vision, your dreams we'll see them through,
For though you are not with us, your light will guide us true.
Rest now in serene peace, your journey's at an end,
Yet in our hearts and minds, you'll always be our friend.
With gratitude and sorrow, we honour you today,
Our mentor, ever cherished, in our hearts you'll stay.

Planet Saviours

"The Earth is what we all have in common." – Wendell Berry

Earth, our precious blue oasis, deserves every moment's celebration and protection. To raise awareness about environmental conservation among students, Grade K2 organized a special assembly named 'Planet Saviours' on May 1, 2024. The assembly was comprised of creative activities designed to engage and educate young minds about sustainable practices. Children dazzled the audience with their captivating Nukkad Natak; through lively dialogues and playful actions, they shared a powerful message about the need to protect and cherish our Earth. They also participated in various activities like tiara-making, hand-printing, and taking care of the plants. Teachers earnestly crafted the Earth badges and made them wearable, serving as a reminder of their pledge to protect Mother Earth.

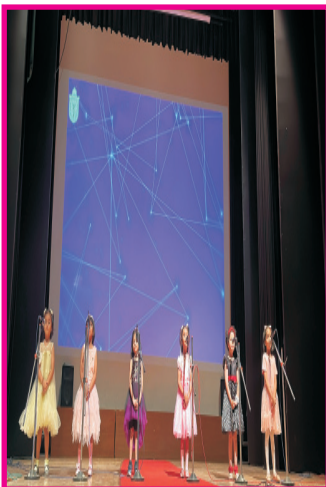

Moms Are Marvellous

"There is no love as pure, unconditional and strong as a mother's love."

- Hope Edelman

On May 10, 2024, the young dipsites of the Pre-primary Wing, came together to celebrate Mother's Day with heartfelt enthusiasm. Engaging in a series of delightful activities, the children exhibited their affection and appreciation for their mothers in creative ways. They devoted their time and efforts to crafting personalized t-shirts and decorating purses, imbuing each item with love and care. Grade Nursery children participated in an activity named 'Walk like Your Mother', that emulated the daily routines of their mothers, with joy and camaraderie. Grade K2 demonstrated exceptional dedication by coordinating a special Fashion Show by inviting mothers to the School premises. This initiative was met with delight from both mothers and children, who participated in various entertaining activities and games together. The experience of witnessing their mothers take centre stage brought immense joy to the young participants, making the occasion a memorable celebration of maternal love and appreciation.

Summer Party

***"Children need freedom and time to play. Play is not a luxury. Play is a necessity."
- Kay Redfield, Jamison***

Before we said goodbye to School and hello to summer vacation, our kindergarten classes threw a party to celebrate the summer season on May 08, 2024. Everyone wore their brightest clothes and arrived at School excited for the day. The wing was transformed into a colourful carnival, brimming with an array of entertaining activities. From lively games to splash-pool games, the children revelled in every moment. Temporary tattoos added an extra dash of excitement and handcrafted souvenirs to cherish. The air was infused with the tantalizing aroma of freshly popped popcorn, complemented by refreshing sips of lemonade and bites of watermelon. This summer party injected a burst of joy into the school year, offering a refreshing break from routine and a chance for children to revel in the delights of summer.
