Diwali Bonanza

The more you praise and celebrate your life, the more there is in life to celebrate.

- Oprah Winfrey

The most awaited festival, Diwali was celebrated with great pomp and show at DPS, GBN. To commemorate this auspicious occasion, the school held a grand Diwali Bonanza on November 4, 2023. The school premises were adorned with beautiful rangoli, colourful decorations, luminous lights, dazzling stalls, fun rides, and enthusiastic smiles, creating a festive ambience. The highlights of the event were the stalls showcasing the diverse cultural heritage of India. It was a visual treat visiting the stalls, which featured everything from clothing to accessories to traditional crafts to home décor to delectable mouthwatering delicacies. Everyone was engaged in the fun games and activities at the Bonanza which was a hive of excitement. The event not only celebrated the triumph of light over darkness but also strengthened the bonds of unity and togetherness within our school community. The memories of this grand celebration will be cherished by all, reminding us of the beauty and significance of Diwali for days to come.

Celebration of Lights

Life should not only be lived, but it should also be celebrated. - Osho

The festival of lights came alive at Delhi Public school, GBN on Friday, November 10, 2023, when the children as well as the teachers of Grades 1 and 2 were sparkling in their traditional outfits and were highly enthusiastic for their virtual Diwali Celebration. The story and purpose behind the celebration of this grand festival was narrated to the children by the teachers. The session brought together our little ones for many fun-filled activities. With their creative skills and smiles, they decorated their diyas in the comfort of their own homes and joyfully flaunted it to their friends and teachers. Everyone eagerly waits for Diwali in order to have lots of fun and pleasure but with the conscious of celebrating this festival without any harm to the environment, children pledged to celebrate Green Diwali by not burning the firecrackers. As the children donned their traditional attire and grooved on their favourite diwali songs, there was an air of festiveness that was permeated with music and colours. As a festival cannot be commemorated without sweets and delicacies, our little munchkins were indulged in delectable treats of their choice. They had a day filled with fun and frolic.

Tasty Bites

"Cooking with kids is not just about ingredients, recipes, and cooking. It's about harnessing imagination, empowerment, and creativity" - Guy Fieri

Hands on cooking activities help in cognitive development of the children. Following recipes encourages children to be self-directed and independent, it also teaches them to develop problem-solving skills. In the light of these thoughts, our young dipsites of grade-1 enthusiastically participated in the 'Tasty bites' activity held in the month of November 2023, to hone their culinary skills. The young chefs participated with zest and fondness. It was a visual treat to see their creative ideas as they garnished nutritious yet very tasty monacco biscuits with different toppings. The children were beaming with joy when their biscuits looked so colourful loaded with veggies, sprouts and their favourite cheese. They relished it along with their peers and teachers as it was healthy as well as very tasty. The kids felt quite accomplished and learnt some important life skills while doing this activity. This activity not only fostered their inner creativity but also helped them to discover new areas of interest. It was indeed a memorable activity as the teachers and children enjoyed making a healthy snack together.

Dipsites got Talent

Talent is nothing without dedication and discipline, and dedication and discipline is a talent in itself. - Luke Campbell

Talent is described as a natural ability or aptitude and a capacity for achievement or success. Talent is demonstrated in a variety of ways, through writing, musical abilities, dance, drama and artistry. As a continuation of this thought and in alignment with Sustainable development goal-Quality Education, we at DPS, GBN organized a talent show for our Grade 2 students. The activity provided the children with a valuable opportunity to showcase their abilities and skills in different areas. The children flaunted their talents beautifully with the help of dance, music, paintings, and praise-worthy acts. Their sense of accomplishment and personal growth was enhanced by this event. We were captivated by the melodious voices of the singers and spellbound by the mesmerizing moves and infectious energy of our talented dancers. It was an impressive display of children's abilities. Their amazing performances illuminated the stage. The talent show left the audience in awe when they witnessed back to back spectacular performances. There was a great deal of evidence of our young learner's dedication and hard work in their performances.

Let's Celebrate Childhood

"The children of today will make the India of tomorrow. The way we bring them up will determine the future of the country" – Pandit Jawaharlal Nehru

Children's day is a beautiful occasion to remember and celebrate the famous thoughts of Chacha Nehru. He considered children as the real strength of a nation and foundation of the society. This day also serves to increase awareness about the care, education, and rights of children. The love and care that we give to our children today, disregard of their social and economic status, will bloom as the fate of our country tomorrow. Every child has the right to celebrate his childhood and make memories, keeping these thoughts in mind our primary teachers of grades 1 and 2 organised a fun-filled day for our little bundles of joy. The kids were looking splendid as they were all dressed up in their best party outfits. They were thrilled and delighted to see that their teachers were all set to play lot of fun games with them. Not only this, the teachers narrated a famous story- 'The Clever Rabbit and The Foolish Lion' to the children through shadow play. Children were amazed to see the marvellous shadow play, they squealed with excitement and applauded the efforts of their teachers. The excitement level went too high when our little dipsites danced their heart out with their friends and teachers on their favourite party songs. Lastly, the little munchkins relished their party food and were surprised with small children's day gifts and chocolates from their teachers. The whole event was delightful, full of laughter, fun, beautiful moments and gave us imperishable memories.

Achiever's Gallery

"Every artist was first an amateur" - Ralph Waldo Emerson

Success, glory and medals reigned the month of November as our young Dipsites made our school proud in Inter- School Competition ' SYNERGIA-HARMONISING TALENT-2023' held at SKS World School, Noida. Ahaana Gupta of Grade 1- A and Arshaan Khan of Grade 2-H bagged Third position in the event 'DARE TO DRESS'. Our young performers stole everyone's heart with their unique sense of dressing. Their confidence level was highly commendable as they draped a very elegant and stylish newspaper dress. We are exultant of our young achievers for giving such incredible performances and made us triumphant.
