Satyam Jayati Bharate – A Cultural Extravaganza

Annual Functions are an intrinsic part of the curriculum. Stage shows boost child's confidence and enhances the oratory skills of the children. Keeping the same ethos in mind DPS GBN organized the most awaited event of the year – the Annual Day of grades 1 and 2 titled – Satyam Jayati Bharate. The event was aimed to educate and inspire everyone by showcasing timeless wisdom and teachings embedded in these historical epochs. The show was the celebration of the rich tapestry of Indian heritage through the mesmerizing performances of dipsites. The highlight of the day was the vibrant depiction of the four yugas – Satyug, Tretayug, Dwaparyug, and Kalyug, by the students. Through enchanting dances and captivating drama, the young performers transported the audience through the corridors of time, showcasing the values and essence of each era. The event's success was greatly attributed to the enthusiastic support of parents who encouraged and cheered for their young performers. Our talented performers enthralled the vast audience with their exceptional performance. The gracious presence of esteemed guests and proud parents added to the grandeur of the event. The school's principal, Ms. Supriti Chauhan expressed immense pride in the students and thanked the parents for their unwavering support.

The triumph of good over evil

'Celebrate the victory of the forces of good over Evil. Let's celebrate an auspicious day to begin new things in life.' Keeping the same ethos in mind, we, at DPS GBN celebrated Navratri and Dusshera on 20th October, 2023 with great pomp and show. To celebrate the spirit of festivity our little munchkins of grade 1 came glittering in their best dandia attire and also carried their hand-made dandia sticks. The celebration started by showing a short movie to the children on dussehra and discussing the learnings behind this festival. The children were super happy after watching the movie and wished that the festival of joy and happiness protects us from the evil effects. To add the element of creativity in the celebration, the children of grade II made marvellous finger puppets of Shree Ram and Sita. The dipsites also took pledge that they will always follow the path of truth and will always look forward to live in harmony as well as cultural unity. The wisdom and sincerity shown by them at such tender age was wonderful to witness. Navratri celebration can never be complete without garba and dandiya dance. The level of excitement was high when the children as well as the teachers performed dandiya with their dandiya sticks. Everyone danced their heart out and cherished to be a part of this festive mirth.

Ad Mad Competition

If you're a true warrior, competition doesn't scare you. It makes you better.

- Andrew Whitworth

Competitions motivate students and drive them to put forth their best effort. It is an opportunity to bring out individual talent of the students participating, and to provide them with a platform to explore their creativity and work on their stage presence. Keeping the same spirit and sustainable development goal-3 (Good Health and Well-being) in mind, DPS GBN, organised an 'Ad Mad Competition' for grade 1 children. The objective of the competition was to acquaint the students about the products which promote healthy living. Our little Dipsites passionately participated in the competition and showcased their creativity in the form of dance, rhymes and jingles. The acts were comprised of humorous and conceptual presentation by the students. Most of the students came up with unique ideas and well written scripts of the advertisement. The young competitors raised the bar as they all came aptly attired for the competition. The competition helped the students enhance their skills in expression, voice modulation and dialogue delivery. The performances by our young advertisers left everyone spellbound. It was an indeed an excellent learning experience for all.

Gandhi ji's Footprints – A Journey of Change

You must be the change, you want to see in the world. - Mahatma Gandhi

Indian history is no less than an ancient epic full of knowledge and art. Each of our freedom fighter's life is full of learning. DPS GBN takes immense pride in making dipsites learn and grasp the cognizance of our freedom fighters. Gandhiji propounded the teachings of the Bhagavad Gita, emphasizing, "work without the expectation of fruits of the labour done". Through the symbols of *charkha*, the spinning wheel and *khadi*, the hand-spun fabric, he stressed the message of physical labour and common productive work for the good of society at large. To inculcate the same in our young learners, we organised an amazingly interesting activity for children of grade 2. Children expressed their hearts, sharing the learnings and teachings from Mahatma Gandhi's life. The activity was extremely engrossing. Many children shared his wonderful sustainable ideas about saving our mother Earth. Children learned about being conscious of their words and thoughts. Each child promised to induce his two main teachings – non-violence and truth forever in their life. The activity not only boosted the children's oratory skills but also creative skills when they explained with beautiful expressions and perfect pitch.
