The Unstoppables

"To shine your brightest light is to be who you truly are."

- Roy T. Bennett

DPS, GBN has always believed in providing its students a great platform to showcase their talent and freedom to express themselves at all levels. Annual Presentation is an occasion which is awaited with utmost anticipation and excitement. The students of Class I came together to exhibit their unique talent with their first ever Virtual Annual Presentation - The Unstoppables, which was held on Microsoft Teams on February 13, 2021. This presentation commenced with the National Anthem followed with the address of our respected Principal ma'am, Ms. Bhawna Khanna and a heartfelt message from our respected Director ma'am, Ms. Indira Kohli. The program was followed by a spectacular performance of our young super talented Dipsites. The students of Class I displayed colorful array of songs, dances, and strong narrations. A strong message was delivered to the audience, as to how one should be their own self and bring out a change in the life of others by their act of kindness. The presentation was concluded by the Vote of Thanks. The event was a grand success and much appreciated by all. Yes, indeed, success is unstoppable if one has determination and perseverance and our Class I students portrayed it very well with their presentation.

Down The Memory Lane

"If you can't fly then run, if you can't run then walk, if you can't walk then crawl, but whatever you do you have to keep moving forward."

-Martin Luther King Jr.

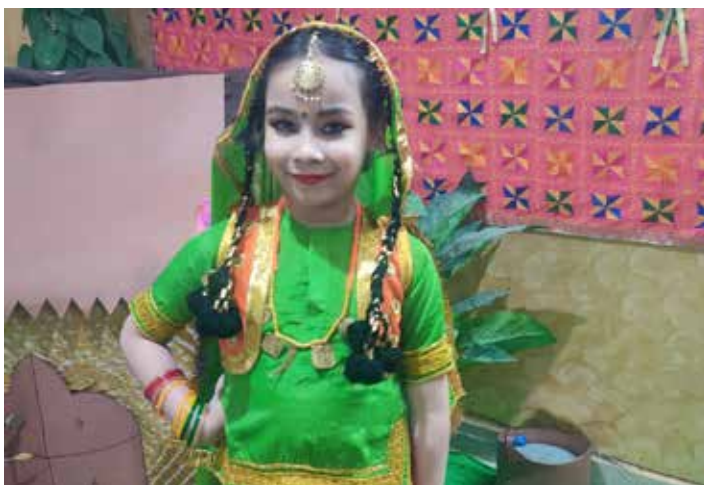

2020 was indeed an unusual year, for the students and teachers, filled with many learnings and experiences. At DPS, GBN, we always believe that learning is an ongoing process, and nothing should come in its way. This year taught us that change is constant. The world we see today is different from what it was yesterday and will evolve to the unknown tomorrow. It is unpredictable, yet it arrives with a ray of hope. We truly want our children to be lifelong learners filled with kindness, perseverance and confidence. The process and means towards this is very important and will help our children learn, explore and evolve. Hope brings positivity and helps us embrace all the changes with a smile. This year too our teachers have left no stone unturned in making the year a productive one for all the students by designing new and innovative ways to deliver the content fruitfully. The students enjoyed many new experiences like online classes and assessments, virtual annual functions, virtual SUPW activities, virtual competitions, special activities, celebrations of festivals, and the list goes on. Students participated in all activities with full enthusiasm and it was a pleasure to see their ingenious ideas. We salute the spirit of our children who did not see the pandemic as a problem but an opportunity. The obstacles in our path can become the gateway that leads to new beginnings and aspirations. A big thank you to our parents for their constant support.

The New Beginnings!

"Learn from yesterday, live for today, hope for tomorrow."

- Albert Einstein.

DPS, GBN is an epitome of perfection and success and has always encouraged its students to become a lifelong learner, a critical thinker and a responsible human being filled with self-discipline, confidence, and compassion. The School organized 'Orientation Day' on February 27, 2021 for its new students. The program commenced with the National Anthem followed by a warm welcome to all the parents and guests, lighting of the lamp and the mesmerizing performance of our School Band. Our respected Principal ma'am, Ms. Bhawna Khanna welcomed and addressed the gathering. She shared the school's vision, curriculum, teaching methodologies, and briefed them of the various departments and their functionality. She also stressed on the importance of the holistic development of our children and the ways in which we should nurture a child with love and care to build a strong foundation for their glorious future. Our school presentation provided a powerful insight to the parents. Introductions were exchanged with the class representatives who would be instrumental in settling them in the DPS family. The event came to an end with a foot tapping dance performance which was appreciated by everyone.

The Grand Win

"A dream becomes a goal when action is taken toward its achievement."

- Bo Bennett

It is often said, 'Winners see possibilities and make it happen.' Focus, hard work and success are the qualities of a Dipsite. With their 'never quit' attitude, they always rise to the occasion, taking prominence in every sphere, only to receive adulation, glory and more. Pre- Primary and Primary wing basked in the glory of success as Swadhi Gupta of I A and Reyansh Bisht of I D bagged the First Prize for the event 'Pratibimb'. They participated in an Online Competition, 'Gaurvanvit Bharatam' organized by Delhi Public School, Kalyanpur on January 23, 2021. Helik Sharma of III H in the event 'Kranti Udgyosh' and S.Madhav and S.Mahathi of II F in the event 'Pratibimb' were lauded for their splendid performances as participants. We are proud of our young Dipsites for their outstanding performances and acing the online interschool competitions!
